

# **NIGHT AND DAY**

(Verse 1)

**Oh I was  
Searching for so long  
Tried to find my way  
Tried to live again  
Now I know  
The answer's not the world  
The answer is Your love  
A love more than enough**

(Pre-Chorus)

**For You  
I'd give my life away  
All I want is You  
Every single day**

(Chorus)

**Now I've found You  
I can't go without You  
I want to be here  
With you night and day  
You got that love  
I wanted for so long  
What I'd give away  
Just to be with You**

(Verse 2)

**Oh I need  
Your heart to beat in me  
To bring me back to life  
To make me feel alive  
All I am  
Was written by Your hand  
A life You made for me  
A plan to set me free**
