

YOUR VOICE

(Verse 1)

**When earth was dark as night
You spoke and there was light
One word you calm the seas
One word, you comfort me**

(Chorus)

**When you speak
Heaven and nature resound
When you speak
Nations and mountains bow down
At your feet
I will lay all of me down, me down**

(Verse 2)

**Your Word has won the fight
And raised the dead to life
You resurrect my soul
Your Word is what I hold**

(Chorus)

**When you speak
Heaven and nature resound
When you speak
Nations and mountains bow down
At your feet
I will lay all of me down, me down
Woah, woah, woah**

(Chorus)

**When you speak
Heaven and nature resound
When you speak
Nations and mountains bow down
At your feet
I will lay all of me down, me down**

(Chorus)

When you speak

**Heaven and nature resound
When you speak
Nations and mountains bow down
At your feet
I will lay all of me down, me down
Woah, woah, woah**

(Bridge)

**Your voice is a whisper
Its close as I listen
The noise can't take
Your voice away
Your voice is not distant
You speak and I listen
Nothing can change
What you say**
