

# LIVING FREE

Monty Plummer

(Verse 1)

**You broke the darkness  
Cut through the night  
You spoke the word and there was light**

**You help the hopeless  
You heal the blind  
In You I have come alive**

(Pre-chorus)

**In everything we do  
In everything that we say too  
In every single way  
We'll praise You**

(Chorus)

**Oh we're living free  
The Savior's come, Delivered me  
Oh we're living free  
Your perfect love, Surrounding me  
You're all I need  
Jesus You're all I need  
You're love is taking over me  
You're love is taking  
Woah**

(Verse 2)

**You filled the oceans  
You placed the stars  
You came and healed our broken hearts**

**You are forever  
Stronger than death  
You are the One who gives us breath**

(Bridge)

**I, I, I, I believe the Savior God has rescued me  
Now in, in, in, in Your light's the only place I'd rather be**

(Chorus)

**Oh we're living free  
The Savior's come, Delivered me  
Oh we're living free  
Your perfect love, it surrounds me**

**Oh we're living free  
The Savior's come, Delivered me**

Oh we're living free  
Your perfect love, Surrounding me  
You're all I need  
Jesus You're all I need  
You're love is taking over me  
You're love is takig  
Woah
