

ONE WORD

Daniel Joseph, Monty Plummer

(Verse 1)

**Coming here into Your light
Leaving everything aside
Needing You to touch my life
And fill me here**

(Verse 2)

**Longing just to hear from You
Guided into all Your truth
Ready now to see You move
In power now
Power now**

(Chorus)

**One word and eyes will see
One word and mountains move
One word and chains are falling down
Falling down**

(Verse 3)

**Trusting in Your promises
Lifted by all that You've said
Lighting up the way ahead
Your Word's alive
Your Word's alive**

(Chorus)

**One word and eyes will see
One word and mountains move
One word and chains are falling down
Falling down
One word will calm the seas
One word will make me new
One word and chains are falling down
Falling down**

(Bridge)

**Speak to me here Lord
Fill me with power
Living within me
Your Word is fire**
