

WITHIN YOUR PLAN

Monty Plummer

(Verse 1)

**When I look up into the sky
I just know there's a reason why
I just know there's a reason why
Woah**

**In my heart You are burning bright
I can feel You breathe in me life
I can feel You breathe in me life
Woah**

(Chorus)

**In the dark of the night, before it all began
(You) Saw the world, laid it out
In Your perfect plan
Gave us love, gave us life
Gave us all You had
Woah**

**Now I know I'm alive
By the work of Your hand
Every detail You chose
Makes me who I am
Can't deny that this life isn't just by chance
Had it all within Your plan**

(Verse 2)

**When I live with You by my side
I just know everything's all right
I just know everything's all right
Woah**

**You have turned on the spark of life
I can feel my heart come alive
I can feel my heart come alive
Woah**

(Bridge)

**This life, this life is all for You
You are, You are everything good
I give, I give it all to You
And live within Your plan**
