

YOU ARE MORE

Monty Plummer, Monci Arciaga

(Verse 1)

**I've found a love that is so, so amazing
Beyond what I could wish for, Beyond what I could dream
So much more fulfilling than all these earthly things
Yeah**

(Verse 2)

**You help me see all of the things I couldn't see
And with Your light inside me, You show me how to dream
All I want is you Lord, more than anything
Anything**

(Pre-Chorus)

**You got that life never ending
We need it
We need it
My God this love's never failing
And it's only found in You
And it's only found in You
And it's only found in You
And it's only found in You**

(Chorus)

**'Cause You are more
You are more
You are more
You are more than we imagine**

(Verse 3)

**You always do more than I couldn't dare to think
And in all things I know that Your love is guiding me
I feel you all around me, You're in everything
Everything**
