

WHERE YOU GO

Monty Plummer

(Verse1)

**Everything I could ask for
Every need found in You
You are the reason
Yeah You are the reason
Now my eyes see in color
Now my heart beats for You
You're right beside me
Yeah You're right beside me**

(Chorus)

**So I'll go where You go
I'll move where You move
In step with Your step
In time, oh with You**

(Verse2)

**Every moment in Your love
Every vision from You
Fills me with purpose
Yeah fills me with purpose
Dreams are building in my heart
Dreams of all I can do
When You are with me
Yeah when You are with me**

(Bridge)

**I'll never stop lifting up Your praise
I'll never stop lifting up Your name
You never stop being so amazing
You never stop being so amazing**
